

# Barcode Test Sheet

If you do not know which type of barcode you need, please print this file.

*Do not resize or scale it - and scan it with your barcode scanner.*

Typically the **Code 39** or **Code 128** work with most systems.

## CODE 39

## CODE 128

## CODE 128A with Carriage Return

## UPC-A

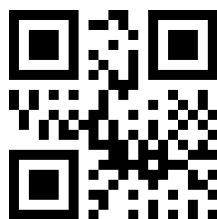

UPC-A: File must have 11 digits.  
12th digit generated by software.

## EAN-13

EAN-13: File must have 12 digits.  
13th digit generated by software.

## QR CODE

Scannable with Smartphones.  
Requires a barcode scanning app.
